WHO WILL YOU REACH?

Thank you for your support as AHRMM20—the leading health care supply chain conference—transforms into a dynamic online experience: AHRMM20+.

Over the course of three weeks, AHRMM20+ will deliver innovative keynote and breakout sessions, engaging networking events and a variety of opportunities for health care supply chain professionals to explore the latest products, solutions and thought leadership from exhibiting companies. And the conversation doesn’t stop when the conference ends, there will be extended on-demand access that will give your company exposure for 9 additional months.

As an exhibitor, you play a vital role in defining the health care supply chain landscape and delivering innovative solutions to care. As a result of COVID-19 pandemic, health care supply chains across the country have been disrupted. AHRMM’s virtual event is bringing together supply chain leaders for an in-depth conversation on how to address the immediate challenges of the coronavirus response and establish best practices for the health care supply chain post-pandemic.

This is an opportunity you will not want to miss.

As a sponsor, you will be able to connect with health care supply chain professionals without ever having to leave your office! Engage in conversations with forward-thinking professionals who are looking for best practices, products and services to help solve today’s issues and also prepare for the future.

Whether your AHRMM20+ objective is to boost sales leads, generate buzz for a new product or increase brand awareness, AHRMM will work with you to develop a unique, integrated sponsorship and advertising program designed to meet your marketing goals.
