

We are All Called to Serve

As a fellow supply chain professional, I understand the challenges facing our profession and industry. I am also interested in contributing to the growth and long term viability of our organization for both current and future members. I firmly believe that AHRMM's vision in "Advancing health care through supply chain excellence" is needed now more than ever.

**Since 2000,
we have faced
many challenges
together:**

Dawn Watkins, MBA, CMRP
Director, Strategic Sourcing
and Purchasing
