

2022 AHRMM STRATEGY MAP

VISION: Advancing health through supply chain excellence.

MISSION: AHRMM advances health through supply chain excellence by providing education, leadership, and advocacy to professionals in health care and related organizations that are accountable to the community and committed to health improvement.

VALUES: Vision, Integrity, Excellence, Risk Taking, and Strategic Partnering.

STRATEGIC GOALS: Based on AHRMM's Foundational Elements: Education, Knowledge, Advocacy, Membership, and Collaborative Relationships.

1. DEVELOPMENT Develop the health care supply chain professional in a changing health care environment.	2. VOICE Advance the health care supply chain profession through advocacy and collaborative relationships.	3. IMPACT Ensure the growth, influence, and advancement of AHRMM.
<p>By providing essential young professional, management and executive level programs, publications, products, and knowledge that advance the technical and leadership competencies of health care supply chain professionals.</p>	<p>By identifying and advocating supply chain and related issues with the intent to positively impact health care and work collaboratively with organizations who share the same goals.</p>	<p>Through effective governance, sound strategic planning, providing member value, and stable financial performance.</p>
<p>Goal 1.1: EDUCATION Build and adopt programs that develop essential young professional, management and executive level knowledge, skills, and practices and maintain existing education programs (as appropriate).</p> <p>Goal 1.2: KNOWLEDGE Develop resources that create learning and knowledge sharing and align existing resources (as appropriate).</p> <p>Goal 1.3: ENGAGEMENT Develop leadership skills of members through involvement, mentoring, committees, and chapters.</p> <p>Goal 1.4: PROFESSIONAL CREDENTIALS Provide resources and scholarships promoting Certification; attainment of Certification validates and recognizes the impact of experienced and knowledgeable health care supply chain professionals and their role in patient care and organizational excellence.</p>	<p>Goal 2.1: ADVOCACY Identify and influence those issues/environmental and legislative factors that impact the ability of the profession to achieve health care supply chain excellence.
