

AHRMM Advisory Board Candidate

Josh Andrade, CMRP, CHFP
Director Supply Chain Management

Known for my perseverance and resilience.
Driven to succeed personally, academically and professionally.
Motivated leaving positive impact on family, friends and community.

I can be a catalyst for great engagement and brainstorming. I have been in Supply Chain leadership for 20 years and in healthcare for 15. My career has been built on improving the operations and lives in my community. I would love the opportunity to work with AHRMM to expand my influence. Much of my passion for Supply Chain comes from educational offerings and networking from AHRMM and our local Arizona chapter AHMMA. Thank you for your consideration.

I have had the pleasure to be the Education Chair for our local AHRMM chapter in Arizona. I am honored to be part of the Education Committee for AHRMM. I work closely with ASU to generate capstone projects for their Master's program students. I am actively collaborating with Scottsdale Community College to create a Supply Chain Certificate or Associates Degree. This year I was selected to the 2024 class of top 40 under 40 by Healthcare Purchasing News.
