If you would like to highlight the **federal definition of human trafficking:**

1. Sex Trafficking

“The recruitment, harboring, transportation, provision, obtaining, patronizing, or soliciting of a person for the purpose of a commercial sex act, in which the commercial sex act is induced by force, fraud, or coercion, **or** in which the person induced to perform such an act has not attained 18 years of age.”
(18 U.S.C. § 1591)

2. Labor Trafficking

“The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of **force, fraud, or coercion** for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.”
(22 U.S.C. § 7102(11))

Summary: Human trafficking happens when someone uses force, fraud, or coercion to make another person work or perform sex acts against their will

If you would like to introduce emerging trends:

- Sextortion
 - What is it?
 - Both under **federal law** and most **state laws**, sextortion is illegal. Sextortion is a form of **sexual exploitation and blackmail** where someone threatens to share someone's private images, videos, or messages with their family or friends if that person gives them something in return – often more sexual images, sexual acts, or money.

someone threatens to share another person's **private, sexual, or compromising images or information** unless that person **gives them something in return** — often **more sexual images, sexual acts, or money**.

- Financial Sextortion
 - What is it?
 - **Financial sextortion** is a form of sextortion when someone threatens to release your **private or sexual images, videos, or messages** unless you **pay them money or send something of monetary value** — such as cash, gift cards, cryptocurrency, or account information.
- Recommended resources for sextortion & financial sextortion
 - **Local police or FBI:** [Find your nearest FBI](#)
 - Report with **National Center for Missing & Exploited Children (NCMEC):** [report.cybertipline.org](#)
 - **Social media platform** (use "Report" or "Abuse" options).
- Fake jobs or Fake job ads
 - What is it?
 - A "fake job" is when someone **lies about employment to trick you into a situation of exploitation.**
 - Red flags:
 - "Employer" does not provide a clear **job description** or contract.
 - Asks for **personal documents or photos** early on.
 - Promise **high pay for little work**, especially abroad.
 - Offer to **pay travel costs up front** and say you can "repay later."
 - **Discourage questions** or pressure you to decide quickly.
 - Communicate only via **social media or encrypted apps.**
